

Welcome to Sweden, Malmö and Malmö University!

After all your hard work and planning, your time as a student at Malmö University has finally arrived.

This information pack contains material useful for your stay here in Malmö, for example the Orientation schedule and maps to get you acquainted with your surroundings. However, if there is anything you may need, please don't hesitate to ask the staff at your department or the International Office for assistance. You can view the Orientation schedule and information online on Canvas, but to join the course and your other courses on Canvas you will need to be registered with your Computer-ID. If you do not have access yet, please contact the International Office staff.

Your matriculation number

Your matriculation number can be found when you log on to <https://idservice.mau.se/>. This matriculation number is used to identify you as a student at Malmö University. Memorize it or write it down and carry it with you—you may need to use it more than you think! The format will be your date of birth followed by T and three numbers: YYYYMMDD-TXXX.

Computer identity (Computer-ID)

Please follow the instructions on: <https://idservice.mau.se/> to retrieve a computer identity. Your computer identity is used for a number of things, like accessing the wireless network, using campus computers and logging in to Canvas courses.

Multicard

Your multicard is the ID card that can be used to access university buildings, check out books from the library, and copy and print with the university's printers. As soon as you have a computer identity you will be able to order your multicard by logging in to <https://idservice.mau.se/> with your computer identity, selecting 'multicard' and following the instructions.

WiFi

You need your computer identity to access the wireless network Eduroam. Read more about WiFi and how to log in at: <https://student.mau.se/en/student-services/it-support/wireless-network/>

Take your time to get settled in and enjoy your new surroundings, culture and country as an international student at Malmö University!

Best wishes,
The International Office Welcome Services for Incoming Students
